

Single Phase Polemounted Transformer, cULus rated. 20-100 kVA or customized design.

Single Phase Padmounted Transformer, cULus rated. 25-75 kVA or customized design.

Three Phase Padmounted Transformer, cULus rated. 50-630 kVA or customized design.

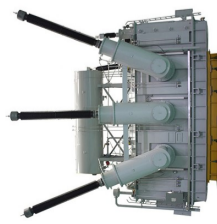

Distribution Transformer, cULus rated. Customized design.

Oil Immersed Transformer, cULus rated. 10-220kV or customized design.

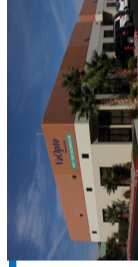

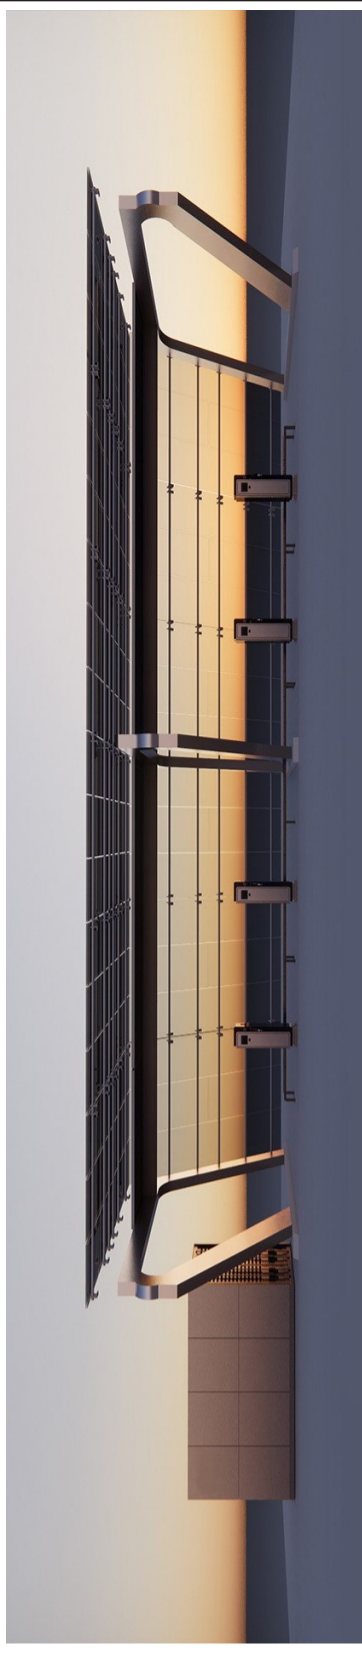

Power Transformer, cULus rated. 110-220kV or customized design.

Power Transformer, cULus rated. 110-220kV or customized design.

# Renewable Energy Brochure

**Solar Panel**

200W Portable Solar Panel for portable power stations, cETLus rated

60/100W Portable Solar Panel for portable power stations, cETLus rated

405W Solar Panel for residential application, cETLus rated

550W Solar Panel for commercial application, cETLus rated

**Portable Power Station**

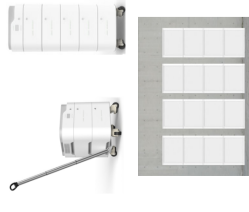

300-2000W Portable Power Station, cULus rated

2400W Portable Power Station, including inverter for solar system and grid, expandable battery up to 6x2.62kWh, cULus rated

3600W Portable Power Station, including inverter for solar system and grid, expandable battery up to 6x3.07kWh, cULus rated

**Home Battery Energy Storage System**

5.12kWh/module Portable Home Power Storage System, including inverter for solar system and grid, expandable battery upto 5x5.12 (25.6)kWh with 5 modules per units, up to 6x25.6 (153.6)kWh with 6 units per system, cULus rated

5.12kWh/module Wall-mount Home Power Storage System, including inverter for solar system and grid, expandable battery upto 5x5.12 (25.6)kWh with 5 modules per units, up to 6x25.6 (153.6)kWh with 6 units per system, cULus rated

**EV Charger**

Level 2 EV Charger for residential application, 7- 9.6 - 11.5 - 19.2kW, 32 - 40 - 48 - 80Amp, cTELus rated.

Level 2 EV Charger for commercial application, 7- 9.6 - 11.5 - 19.2kW, 32 - 40 - 48 - 80Amp, cTELus rated.

Level 2 EV Charger, dual port, 2 x 19.2kW, 80 Amp, cTELus rated.

Level 3 EV Charger for commercial application, 160-240kW, cTUVus rated.

Level 3 EV Charger for commercial application, 360-480kW, cTUVus rated.

Level 3 AI BESS EV Charger for commercial application, 60kW, 64kWh, cULus rated.

**Microgrid**

Battery Energy Storage System 100-200kWh, cULus rated.

Battery Energy Storage System 200kWh-4MWh, cULus rated.

Energy Management System (EMS), cULus rated.

PCS and Transformer combo, cULus rated.

BESS, PCS, Transformer, and EMS System, cULus rated.

**Integrated Microgrid System**

Commercial Microgrid, cULus rated. Turn-key service available.

Utility-Scale Microgrid, cULus rated. Turn-key service available.
